Registration for the February 2nd event closes on January 20th

This year child care providers were on the front line of the pandemic. Child care was deemed essential and helped our health care workers, first responders and other front line workers do their jobs. Now, our state leaders need to hear from you.

This is your opportunity to tell your state leaders what is really needed to help support child care providers.

Virtual Meetings will be scheduled with our Suffolk County state legislators in February.

We hope you will join and share your stories.

Please email [Denise Ham](#) if you want to participate in our local advocacy meetings.
